POWER OUTSIDE, COMFORT INSIDE
MAIN REASONS TO CHOOSE THE COMPACT TRACK LOADERS

HIGH VERSATILITY
Wide range of attachments. Different auxiliary hydraulic solutions to feed them.

SIMPLE AND ROBUST UNDERCARRIAGE
Designed to grant stability on steep slopes and to command the machine on muddy or sandy terrains.

HIGH ROC
With added counterweights

RADIAL AND VERTICAL BOOM
Radial for digging and pushing. Vertical for loading and carrying.

FAST ATTACHMENT CHANGE OVER
Mechanic or hydraulic quick coupler. Connect Under Pressure (CUP) system to plug hydraulic hoses with no wrenches.
HIGH VISIBILITY
Unique side Lighting.
Large side windows for an excellent visibility.
Better sight lines to the tires, bucket edge, curb lines and even to the rear when backing up.

PRO COVER PROTECTION PLAN
2 YEARS / 2,000 HOURS
ProCover is designed to help keep your equipment working well beyond the manufacturer’s base warranty period while taking away the concerns of the cost and inconvenience of mechanical failure.

EASY ACCESS
Wider cab entrance.
Lower threshold.
Longer and ergonomic handles.

VERSATILE CONTROLS
Mechanical or EH customizable controls.
Speed and sensitivity can easily be adjusted.
ISO-H switchable controls.
Ride Control for a greater operator comfort.

TOP RANKING BREAKOUT FORCE
Aggressive cylinder mounting for superior digging efficiency.

OUTSTANDING STABILITY
Longer wheelbase.
Optimized weight distribution.
RADIAL AND VERTICAL BOOM
Extended line up to meet any customer need

CASE has revised its compact track loader line up to grant performance and productivity to an ever wider range of customers. The revised CASE CTL range includes two radial lift compact tack loader and one vertical lift compact track.

HIGH ROC with bolt-on counterweights

Simply bolt on additional counterweights to the rear sides of the machine. Increase ROC by adding counterweights to move more material, more quickly. Decrease ROC (operating without counterweights to keep fuel costs down and decrease ground disturbance.

EASY ACCESS
Safety first

Low thershold, together with convenient grab handles make accessing the cab easy and safe.

HIGH VISIBILITY
Wider glazed surface for safer operations

The large glazed surface with ultra-narrow wire side screens, the lowered threshold and thinner front pillars provide the best visibility in the market (ROPS / FOPS cab).

SIMPLE AND ROBUST UNDERCARRIAGE
To ensure long-lasting operativity

The new Case compact track loaders feature a robust undercarriage, engineered to hold fast on steep slopes and take command of muddy or sandy terrain. The undercarriage has a rigid-track frame with fewer moving parts for greater durability and easier maintenance than suspension-track systems.

PRO COVER PROTECTION PLAN 2 YEARS / 2,000 HOURS
When the unexpected occurs, you need to know your equipment is protected.

We understand the importance of your machinery being in good working order and additionally to the STANDARD PROTECTION PLAN we offer you to purchase supplementary years/hours to meet your needs.
VENTILATING CONTROLS
Tailor-made performance
The upgraded Case CTL now offer EZ-EH (electrohydraulic) controls and software. Operators can quickly change between nine presets for speed and control customization.

FREE TO CHOOSE THE MOST SUITABLE CONTROL
Mechanical or Electro Hydraulic controls
All controls are within easy reach and you can choose among mechanical hand drive levers or mechanical foot drive pedals, or electro-hydraulic controls.

Proportional auxiliary hydraulics
Standard Proportional control of Auxiliary Hydraulics with detent for smooth and precise attachment control.

OUTSTANDING STABILITY
with Case power stance chassis
Our power stance chassis rides on a 21% longer wheelbase, delivering greater stability and comfort and allowing increased lifting capabilities, regardless of jobsite conditions.

TOP RANKING BREAKOUT FORCE
Case cylinder and chassis design provides maximised pushing power
The cylinder geometry optimises the compact track push and pull power, while the bucket support baring directly on the chassis of the machine further adds to its pushing power.

FAST ATTACHMENT CHANGE OVER
Hydraulic Coupler Option
An optional hydraulic attachment coupler increases both operator comfort and uptime on the job site since attachments can be exchanged quickly and safely without leaving the cab.

HIGH VERSATILITY
Hydraulics simplified.
Versatility maximised
Connect Under Pressure (CUP) system to plug hydraulic hoses with no wrenches.
Three different Auxiliary Hydraulics Packages offered:
APPLICATIONS

URBAN
Snow and dust removal

In winter, CASE Compact Track Loaders equipped with snow blades or buckets, snow blowers or pushers, sand and salt dispensers will deal efficiently with obstructions and hazards brought by abundant snowfall, ensuring safe and easy access to residential roads and sidewalks for vehicles and pedestrians.

In the summer, CASE Compact Track Loaders mounting buckets, forks, booms or grapples will easily clean away dirt, dust and rubbish.

Light construction

Low-rise construction (cottages, town houses, small industrial and commercial outlets) is very popular in suburban and rural areas. CASE Compact Track Loaders equipped with backhoes, hammers or trenchers can provide contractors with highly effective and flexible support.
LANDSCAPES
Environment care

CASE builds some of the most reliable, responsive, and comfortable landscaping equipment in the industry. Whatever the task, from landscape and hardscape installation to ground keeping, you can depend on CASE to help your team work faster, not harder.

AGRICULTURE
Wide field

Farmers – from dairy operations to cattle livestock farms – trust CASE Construction Equipment for a wide variety of tasks: clean stalls, load silage and clear land to make it work for them. A vast range of attachments is available to farmers in order to get their agricultural jobs done, faster and with ease.

ROADS AND BRIDGES
Valuable assistance

Cold planer, rock saw, concrete bucket – these and many other powerful attachments make CASE Compact Track Loaders a valuable asset in projects big and small, right down to the small and important jobs such as pothole patching.

PARTS AND SERVICE

Wide network of customer support across the world. No matter where you work, we're here to support and protect your investment and exceed your expectations. You can count on Case and your Case dealer for full-service solutions—productive equipment, expert advice, flexible financing, genuine Case parts and fast service. We’re here to provide you with the ultimate ownership experience. To locate a Case dealer or learn more about Case equipment or customer service, go to www.casece.com.

NOTE: Case provides specific outfits for various countries and many optional fittings (OPT). The illustrations on this or other leaflets may relate to standard or optional fittings. Please consult your CASE dealer for any information in this regard and any possible updating on components. CNH Industrial reserves the right to modify machine specifications without incurring any obligation relating to such changes.
