

FLEXIBILITY OF USED DEPENDABILITY OF CASE

Find the right fit for your needs. Sometimes used equipment is the best choice for you and your business. CASE dealers now offer three types of used equipment, giving you a more expansive range of options. All levels deliver the power, durability and versatility you need—and the CASE dealer support you can count on.

THREE LEVELS OF USED EQUIPMENT

CertifiedUsed™

Certified Used undergoes an extensive 100+ point inspection, including fluid analysis and repair by a CASE Level 2 certified technician, use of CASE Genuine parts, and features an extended warranty and competitive financing.

ReNew

Reconditioned CASE lease return and other used equipment. Available on all product lines, refurbished to retail-ready condition and ready for you to put it through its paces.

STANDARD

Ideal for price-driven buyers who still want the advantages that come with used equipment and the support of the CASE dealer network.
