APRIL 2022

Compact Wheel Loaders: Return-to-Dig

The return to dig feature on CASE compact wheel loaders is a great way to increase efficiency and make the operator's job easier. With this feature, the bucket angle returns to the exact same spot in the pile every time. It also prevents over and under digging.

Limited Time Parts Offer!

The busy season is here – and there's only one engine oil to trust for your CASE equipment – and now you can receive 10% off on drums and totes of No. 1 Engine Oil!

First Look: Electric Mini Excavator

Quiet operation without the service of a diesel engine? The new CASE CX15 EV electric mini excavator is coming to the North America market in 2023 and provides enough power to work through a full eight-hour workday – all while being sustainable, powerful, and efficient.

Compact Rollers Roll Compactly and Powerfully.

The CASE small double drum rollers at World of Asphalt stole the show. Many of the same features offered on large CASE double drum rollers can be found on CASE compact rollers.

180 Years Strong

Whatever life demands, however tough the job, we never forget who we are. 180 years strong at CASE – let's go.

Find CASE Equipment

At CASE, practical innovation matters. Our equipment is an evolution of fine-tuned products built to solve your challenges through more intuitive design.
