*Skid Steer Loaders*

*Compact Track Loaders*

*Backhoe Loaders*

*Compact Wheel Loaders*

***SINCE 1842***

## ANGLE BROOMS

Efficiently remove snow and ice from parking lots, driveways, paths, or sidewalks.

- + 72-, 84-, and 96-inch brooms with standard manual or hydraulic angle adjustment
- + Brooms angle 30° to the left or right, allowing operators to direct cast-off accurately based on application
- + A 32-inch diameter, 50/50 poly-wire brush core easily handles light dust or heavy material
- + Features a quick-change brush without breaking hydraulic lines, reducing downtime for routine maintenance

Works with:  /  /  / 

## SNOW BLADES

Choose between 3 standard, 6 heavy-duty and 3 trip-edge models, all featuring blade angles up to 35°, to clear heavy snow.

- + Available in 60-, 72-, 84-, 96-, and 108-inch widths
- + Blades feature adjustable skid shoes and bolt-on replaceable blades (steel, rubber, or polyurethane), all of which operate with standard hydraulics
- + Blades also offer spring-loaded trip protection, reducing the potential for main work group damage

Works with:  /  /  / 

## SNOW BLOWERS

Attack heavy snow with any of our 13 different models, available in standard flow, high-flow, and enhanced high-flow models.

- + Two-stage hydraulic blowers blow snow up to 45 feet
- + Direct drive motors eliminate moving parts
- + Electronically controlled, poly-lined chute/deflector keeps you in the seat and out of harsh conditions
- + With a little effort, service points like bolt-on wear edges and adjustable skid shoes maintain productivity without requiring service visits
- + Available in 72-, 84-, and 96-inch widths

Works with:  / 

## SNOW BUCKETS

Efficiently move large volumes of snow or loose material (salt, sand) with our heavy-duty and medium-duty snow buckets.

- + Medium-duty (84- and 96-inch) and heavy-duty (96- and 108-inch) selections available
- + A high-visibility back guard provides easy reference to bucket placement and capacity
- + Use the pre-drilled lips for bolt-on cutting edges to improve productivity

Works with:  

## SNOW PUSHES

Efficiently move large volumes of snow in parking lots, driveways and building sites, and draw snow back from confined areas.

- + Available in 72-, 84-, 96-, and 120-inch widths to match your snow removal needs and equipment capabilities
- + Pushes feature reversible 1-inch x 8-inch rubber edge on main blade, and reversible replaceable 3/4-inch x 5-inch wear shoes of abrasion-resistant AR400 steel
- + Optional pull back kits and rubber edges available for additional functionality

Works with:    

*Be sure to check machine hydraulic requirements to ensure proper attachment needs are met.*
