

ENHANCE YOUR PRODUCTIVITY

BUNDLE PRICE
\$3,960
EXCL. GST

WITH THE XCN-750™ AND NAV-500™

The XCN-750™ display is an Android™ based, cost-effective solution offering a great access to coverage mapping and application control for every farm.

Add in Bluetooth® and Wi-Fi connectivity to go along with ISOBUS compatibility, any grower can tackle farming applications from every season across all equipment brands.

The XCN-750™ display, paired with the NAV-500™ guidance controller will easily map out boundary lines and set your farm up for success.

BUNDLE CONTENTS:

- XCN-750™ display
- NAV-500™ guidance controller

* Price excludes dealer fitment costs.
Available for a limited time only.
