FINANCE LEASE

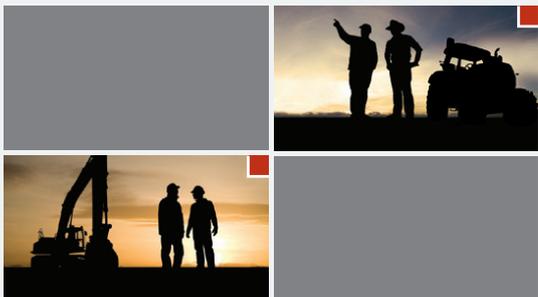

Finance Lease

Choosing a finance lease is a good way to expand or update your equipment without tying up working capital. CNH Industrial Capital purchases the equipment and rents it to business customers for an agreed period, at fixed rentals.

Benefits

- The fixed underlying interest rate and fixed rentals for the term of the agreement make it easier on your budget because you know exactly how much you will be paying each month.
- Regular rentals may be able to be claimed as a tax-deductible business expense, provided the goods are solely used for business purposes.
- No deposit is required, so you can get the equipment you need even if you don't have a lot of capital available.

Features

1

Fixed interest rate for the term of the loan.

2

GST on rentals may be recoverable in whole or part.

3

You can tailor your repayments to match your income cycles or seasonal requirements.
