CROP DIVIDERS

CROP DIVIDER END ASSEMBLY

Application: 72C/74C Headers

- Replacement end for long dividers
- Fully assembled and ready to install

PART NO.	DESCRIPTION
B94154NH	LH
B94155NH	RH

ROD END DIVIDER

Application: 740 Headers

PART NO.	DESCRIPTION
84325285	Divider
84229083	Divider Plus Hardware

CROP DIVIDER – SHORT

Application: 72C/74C Headers

Includes: Components for both LH and RH dividers

Loop (Old Style). Recommended for short to medium standing crops.

Part No. 801462

POLY POINT KIT

Part No. B95408NH

TUBE KIT

Part No. B95409NH

CUTTING PARTS

GENUINE NEW HOLLAND CUTTING PARTS

Every component in the cutting system is designed and tested by New Holland engineering and manufactured only by approved suppliers.

- New Holland sections are made from high carbon steel with induction-hardened cutting edge for superior wear life
- The center of the New Holland section is very ductile for improved toughness
- Top serrated sections are self-sharpening for a cleaner, smoother cut
- The back edge of most New Holland sections are hardened for superior durability

CUTTING PARTS

SEGMENTED SICKLE ASSEMBLIES

Application: 740CF headers

- Prevents shipping damage; overall shippable length of the complete assembly is no more than nine feet
- OEM production quality components, the same supplier as current CNH North American production assemblies is used
- Greater flexibility of dealer inventory; segmented sections can be added or subtracted to adjust the overall length of the sickle assemblies
- Overlapping re-enforcement joint, "Lickety-Split™" is actually stronger than the original knife back, allowing the final assembly to perform as well as a one-piece sickle

What Works Together Wears Together

Cutting parts and guard kits from New Holland are designed to work together, providing the user with long-lasting reliability. But over time, they do wear out, and because they function as a unit, they should be replaced together. It is imperative to replace adjacent wear parts with OEM repair parts from New Holland. As the cutting system works together, a "will fit" part will be softer and prematurely wear out. Remember, what works together wears together.

PRODUCTIVITY AND PERFORMANCE

Reduce downtime during the season while upgrading your combine with the latest improvements

Combine product support kits from New Holland are designed to enhance the performance of your combine

- **Performance kits** - developed to improve the performance and productivity of your combine
- **Maintenance kits** - designed to make complete repairs and reduce repeated trips to the dealership
- **Service packs** - designed for smaller repairs to keep your machine up and running

See your New Holland dealer for more information,
or visit www.newhollandparts.com.au

GRAIN PLATFORM KITS

HEAVY-DUTY HEAT-TREATED GUARDS

New Holland guards are manufactured by Sulberg, the oldest guard manufacturer in the world. They have teamed with New Holland engineering to design the best guard for New Holland cutting systems.

All New Holland guards, and every other component in the cutting system for New Holland headers, are designed and tested by New Holland engineering and manufactured only by an approved supplier. New Holland provides you “matched engineered and quality manufactured components for superior performance.”

GRAIN HEADER GUARDS

Application: For 3" systems

Includes: Guards, hold down clips, shims and hardware for a quick, all-inclusive repair job

- Double heat-treated guards for longer wear-life and improved toughness
- Handy service four-pack to repair two-foot sections or two-pack to repair one-foot sections

Reman Rotating Electrical: POWER TO SPIN

Why REMAN?

Save Money

20 - 40% savings vs. new – plus your core is worth \$\$\$*.

Save Time

Parts readily available, reducing costly downtime.

Great Quality

Thoroughly cleaned, tested and restored for OEM performance.

100% parts replacement including bearings, brushes, seals, solenoids and more.

Greater Protection

12 month parts and labour warranty†.

**Keep your machine running like new, with less delay and cost.
Ask us for more details.**

Please refer to Reman Reference Chart for part numbers and equipment application guides.

Available at newhollandparts.com.au.

* Core value depends on the condition of the core. See your local dealer for details.

† Labour included when installed by New Holland dealer.

GENUINE AIR FILTERS

Did you know a typical diesel engine requires more than 10,000 litres of clean air for every litre of fuel it burns?

The better your engine can breathe, the better it can work. For optimum performance and engine protection, use only New Holland genuine air filters.

7 REASONS TO USE GENUINE AIR FILTERS

- 1 Continuous element media
- 2 PowerCore™ air filters have **140% MORE DIRT HOLDING CAPACITY** when compared to a conventional cellulose air filter
- 3 Pleatloc® media spacing for improved life
- 4 Superior wet and dry strength
- 5 Urethane seals and molded-in-place gaskets
- 6 Advanced Radialseal® provides a **LEAK-FREE SEAL** in rough conditions
- 7 Improved contaminant encapsulation – dust and dirt won't dislodge during service

See your New Holland dealer for more information, or visit www.newhollandparts.com.au

FRONT ROTOR DRIVE BEARING KIT

Application: For all CR combines

Includes: Heavy-duty bearing, seal and hardware

Part No. 87297817

ROTOR PADDLE KIT

Application: For all CR Combines

Includes: Three (3) paddles and hardware

Part No. 87297791

COMBINE KITS – CR

THRESHING SYSTEM KITS

DEALER INSTALLED ACCESSORIES

THRESHING DIA KITS

Application: CR9000 Series Combines, Model Year 2011 and later

Check with your dealer or the online parts catalog for full details on the below available kits.

PART NO.	DESCRIPTION
9512490	Crop Thin Blade
9845842	Short Finger Set Agitator Pin 1.5" (Set of two)
9845843	Long Finger Set Agitator Pin Long 2.25" (Set of two)
84050517	Agitator Pin, Separator Long 1.5"
84050518	Agitator Pin, Separator Long 2.25" (Set of three)
87651759	Small Grain Concave
712446002	Smooth Rasp Bar Set LH 22"
712447002	Smooth Rasp Bar Set RH
87665910	Small Grain Concave/Large Tube 17"
87659982	Rotor Covers Adj. Vanes, ABR, 22"
87664012	Rotor Covers Adj. Vanes, ABR, 17"
87565755	Round Bar Concave/Pair 22" Round Bar
84434370	Perforated Grate, 17"
84434371	Perforated Grate, 22"
87298836	Specialty Concaves, 22"
84081646	Sunflower Cover Kit, 22" Rotor
84083486	Awning Plate Kit, 17" Rotor
84083487	Awning Plate Kit, 22" Rotor
84084505	Sunflower Cover Kit, 17" Rotor
84084525	Hard Threshing Kit
87665947	Concave Universal, 17"
86512697	Smooth Rasp Bar Set RH, 17"

PART NO.	DESCRIPTION
86512698	Smooth Rasp Bar Set LH, 17"
86974251	Round Bar Separator Grate, 22"
87012800	Round Bar Separator Grate, 17"
87029633	Crop Cutter Assy. (Set of 3 Knives and Hardware)
84286247	Spacer Kit, Concave Latch
87333877	Beater Grate Cover Kit – Narrow
87333878	Beater Grate Cover Kit – Wide
87524474	Concave Latch Retaining Kit
87655633	Concave Pair – 22" (Rice, Bean)
87298836	Concave Pair – 22" (Small Grain)
87649751	Concave Pair – 22" (Round Bar)
87665947	Concave Pair – 17" (Rice, Bean)
87665931	Concave Pair – 17" (Round Bar)
87565748	Concave Pair – 17" (Small Grain)
87565749	Concave Pair – 17" (Small Grain)
87565748	Concave (Specialty) – 17"
84136397	Kit – Serrated Auger Lugs and Waffles
84124302	Kit – Serrated Auger Lugs and Waffles, 22"
87552425	Fishbone Concave, 17"
87552426	Fishbone Concave, 22"

CORN CONVERSION KIT

Includes: Round bar concaves, 1-5/8" closz pre-sieve, 1-5/8" corn slat upper sieve, and 1-5/8" closz slat lower sieve

PART NO.	APPLICATION
87565773	CR940/CR960/CR9040/CR9060/CR9065 Combines
87565774	CR970/CR9070/CR9080 Combines

CONCAVE AWNING PLATES

COMBINE KITS – CR

RASP BAR KITS

RASP BAR KIT – ONE ROTOR*

Includes: Both leading and trailing rasp bars (to service one rotor) and 10.9 metric hardware

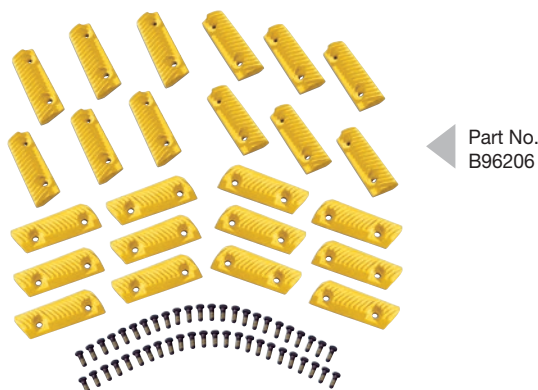

PART NO.	DESCRIPTION	APPLICATION
82797034	LH Rotor	CR940/CR960/CR9040/CR9060 Combines
82797035	RH Rotor	CR940/CR960/CR9040/CR9060 Combines

RASP BAR KIT – BOTH ROTORS*

Includes: Both leading and trailing rasp bars (to service both LH and RH rotor – CR9040/CR9060 Combines) and 10.9 metric hardware

PART NO.	DESCRIPTION	APPLICATION
B96206	Both LH/RH	CR940/CR960/CR9040/CR9060 Combines
87297788	Both LH/RH	CR970/CR9070 (Leading bars only)

RASP BAR KIT – LEADING*

Includes: Leading rasp bars and hardware (10.9 metric bolts) to service one rotor

Rasp bars are heavy-duty nodular iron, heat treated and hard-faced for superior wear life.

PART NO.	DESCRIPTION	APPLICATION
87297786	LH Rotor	CR970/CR9070 Combines
87297787	RH Rotor	CR970/CR9070 Combines
82797030	LH Rotor	CR940/CR960/CR9040/CR9060 Combines
82797031	RH Rotor	CR940/CR960/CR9040/CR9060 Combines

RASP BAR KIT – TRAILING*

Includes: Trailing rasp bars and hardware (10.9 metric bolts) to service one rotor

Rasp bars are heavy-duty nodular iron and heat treated for longer service life.

PART NO.	DESCRIPTION	APPLICATION
82797032	LH Rotor	CR940/CR960/CR9040/CR9060 Combines
82797033	RH Rotor	CR940/CR960/CR9040/CR9060 Combines

Part No. 82797032

* Rasp bars are shipped unpainted to meet torque specifications.

87109824	Sieve Closz Slat, 1-5/8"

LOWER SIEVES

PART NO.	DESCRIPTION
87109848	Sieve Closz Slat, 1-5/8", Part Is Not Remote Ready
84319322	Sieve Grain Slat, 1-1/8", Part Is Not Remote Ready

GRAIN HANDLING KITS

Auger Extensions

Greater Extension. Greater Efficiency.

- As headers grow, so should your auger
- Extend your auger up to three feet
- Unloading on the go? Give yourself some extra space between your head and your cart

UNLOADING AUGER EXTENSION KITS

Application: CR9040–CR9080 Combines

- Three-foot extension
- Standard wear

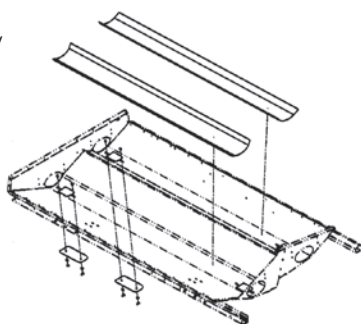

Part No. 87354622

STAINLESS GRAIN TANK CROSS AUGER TROUGH LINER KIT

Application: CR6090/CR7090/CR8090/CR9090/CR9065/CR9040/CR9060/CR9070/CR9080/CR8080/Combines

Part No. 87662984
(Order a quantity of two)

PERFORATED CROSS AUGER & ELEVATOR COVER KIT

Application: All CR Combines

PART NO.	DESCRIPTION
84081342	Round Holes
84060218	Slotted Holes

Part No.
84081342

GRAIN STORAGE DIA KITS

Application: CR9000 Series Combines, Model Year 2011 and later

Check with your dealer or the online parts catalog for full details on the below available kits.

PART NO.	DESCRIPTION
84158659	Kit – Vertical Discharge Unload
47437136	Tarp Graitank Ext. (315 BU)
47437124	Tarp Graitank Ext. (350 BU)

Application: CR6000, CR7000 and CR8000 Series Combines, Model Year 2013

PART NO.	DESCRIPTION
87331435	Perforated Covers Long FI
87331436	Perforated Covers Round FI
47437136	Tarp Grain Tank Ext. (11100L)
47437124	Tarp Grain Tank Ext. (12330L)

Application: CX8000 Series Combines, Model Year 2013

PART NO.	DESCRIPTION
87331435	Perforated Covers Long FI
87331436	Perforated Covers Round FI

COMBINE KITS – TR

THRESHING ROTOR KITS

PLATE & LUG KIT – ONE ROTOR

Includes: Plates, lugs, and mounting hardware to service one rotor

Part No. B96203 – LH Rotor

Part No. B96204 – RH Rotor

PLATE & LUG KIT – BOTH ROTORS

Includes: Plates, lugs, and mounting hardware to service both rotors

Part No. B96205

RASP BAR KIT – BOTH ROTORS

Includes: Both leading and trailing rasp bars (to service both LH and RH rotors) and 10.9 metric hardware

Part No. B96206 – Both LH/RH

PLATE KITS – ROTOR

Application: TR89/TR98/TR99 Combines

Includes: Plates and hardware to service one rotor

Part No. B96676 – LH Rotor

Part No. B96657 – RH Rotor

RASP BAR KIT – ONE ROTOR

Includes: Both leading and trailing rasp bars (to service one rotor) and 10.9 metric hardware

Part No. 82797034 – LH Rotor

Part No. 82797035 – RH Rotor

RASP BAR SHIM PACK

Includes: Set of 50 shims

Part No. B96193

LUG KITS – ROTOR

Application: TR89/TR98/TR99 Combines

Includes: Lugs and hardware to service one rotor

Part No. B96658 – LH Rotor

Part No. B96656 – RH Rotor

RASP BAR BOLT KIT

Includes: Twelve high-strength rasp bar bolts (metric 10.9)

Part No. B96192

THRESHING ROTOR KITS

RASP BAR KIT – LEADING

Includes: Leading rasp bars and hardware (10.9 metric bolts) to service one rotor

Rasp bars are heavy-duty nodular iron, heat treated, and hard-faced for superior wear life.

Part No. 82797030 – LH Rotor

Part No. 82797031 – RH Rotor

RASP BAR KIT – TRAILING

Application: TR89/TR98/TR99 Combines

Includes: Trailing rasp bars and hardware (10.9 metric bolts) to service one rotor

Rasp bars are heavy-duty nodular iron and heat treated for longer service life.

Part No. 82797032 – LH Rotor

Part No. 82797033 – RH Rotor

CLUTCH KIT – STONE ROLL ASSEMBLY

Application: TR86–TR99 Combines

Includes: Clutch jaws, spring washers, ring and hardware

Part No. B96524

ROTOR DRIVE CHAIN COUPLER

Includes: Chain coupler and two 20-tooth sprockets

Part No. B96525

ROTOR DRIVE CHAINS

Application: TR86–TR99 Combines

Includes: One chain assembly, connector links and chain couplers

Part No. B96522

BEARING KIT STONE ROLL

Application: TR75–TR99 Combines

Includes: Bearings, flanges and mounting hardware

Part No. B96540 LH

BEARING KIT STONE ROLL RH - COMPONENTS

Components available individually

Not sold as a kit

ROTOR SHORT FINGER KIT (4-PACK)

Application: TR86/TR87/TR88/TR89/TR96/TR97/TR98/TR99 Combines

Part No. B96655

ROTOR LONG FINGER KIT (4-PACK)

Application: TR88/TR89/TR97/TR98/TR99 Combines

Part No. B96534

Part No. B96547
TR95–TR99 Combines

CLEANING FAN BEARING KIT – ONE SIDE

Application: TR75–TR99
Combines

Includes: Bearing, lock
collar, flanges and
mounting hardware

Part No. B96550

ELEVATOR UPPER HAND SLIP CLUTCH KIT

Application: TR96–TR99 Combines

Includes: Clutch, hub, spring, stop and
mounting hardware

Part No. B96518

AUGER CLUTCH SHAFT BEARING KIT

Application: TR70–TR99
Combines

Includes: Bearing, flange,
collar and hardware

Part No. B96542

STRAW SPREADER BEARING KIT

Application: TR70–TR99
Combines

Includes: Bearing,
flanges, collar and
mounting hardware

Part No. B96532

CROP RESIDUE MANAGEMENT KITS

COMPLETE ROTATING CHOPPER KNIFE KIT

Application: TR89/TR97/TR98/TR99 Combines

Includes: Complete set of 52 knives and mounting hardware to service one chopper knife

- Knives are manufactured from high-strength steel and heat treated for superior wear life
- Knives have a beveled-serrated cutting edge for maximum performance

Part No. B96198

ROTATING CHOPPER KNIFE KIT (4-PACK)

Application: TR89/TR97/TR98/TR99 Combines

Includes: Four knives and mounting hardware

- Knives are balanced for smooth operation
- Knives are manufactured from high-strength steel and heat treated for superior wear life
- Knives have a beveled-serrated cutting edge for maximum performance

Part No. B96199

STRAW CHOPPER BEARING KIT

Application: TR89/TR97/TR98/TR99 Combines

Includes: Bearing, collar, housing and hardware

Part No. B96194

FIXED CHOPPER KNIFE KIT

Application: TR89/TR97/TR98/TR99 Combines

Includes: Two knife assemblies with serrated section and mounting hardware

Part No. B96195

CHOPPER BAR ASSEMBLY

Application: TR89/TR97/TR98/TR99 Combines

Includes: Complete chopper bar assembly

- Designed to reduce downtime during the season
- Ready to install

Part No. B96197

FIXED CHOPPER KNIFE KIT – COMPLETE

Application: TR89/TR97/TR98/TR99 Combines

Includes: 25 knife assemblies and mounting hardware (pieces to service an entire fixed chopper bar)

Part No. B96196

ACCESSORIES

LIGHTING KITS

HID LIGHT KIT

Application: All CR Combines

Includes: HID lamp assembly (2), wire harness (2), ballast (2), hardware and installation instructions

Part No. 84084476

THREE BEACON LIGHT KIT

This kit will add two rotating beacons at the top of the cab and one to the rear of the CR combine.

Includes: Beacon lights, brackets and mounting hardware

Part No. 84081944

DELUXE SERVICE LIGHT KIT

- This kit will help the operator or service personnel when extra lighting is required
- The work lights are positioned to illuminate the concave section of the rotor, belt, and pulley areas of the combine
- Two switches control five (5) lamps

Part No. 84084608

LIGHT KIT

HANDY SERVICE LIGHT

Includes: Magnetic mount and 33' cord

Part No. 84059809

“ANY FARMER SHOULD
CONSIDER INSTALLING
A GUIDANCE SYSTEM
BECAUSE IT DOES
PRODUCE SAVINGS”

Andrew Driscoll crops about 6,000 acres near the historic township of Urana in the Riverina district of New South Wales – not far from where notorious bushranger Dan ‘Mad Dog’ Morgan staged a shootout with Wagga Wagga magistrate Henry Baylis.

Andrew has been farming in the area for many years - mainly barley, wheat and canola; although the overall region is also popular for raising sheep. As with every farmer, there are always issues to face. In his case they included significant operator fatigue, leading to them making errors which added to his costs.

Andrew's Local dealer Norwoods suggested installing a guidance system would help to overcome some of the problems and took time to demonstrate the benefits to Andrew and his team – benefits such as the savings that could be made and easier operation.

Their recommendation was to install a New Holland guidance system for his equipment. “New Holland’s ag solution helps us make savings in fertiliser and fuel, and allows the use of semi-skilled labour” said Andrew. “Although there is an upfront cost, any farmer should consider going ahead with installing such a guidance system because it does produce savings – enough to recoup the costs over the next three, four or five years.”

“Our local New Holland dealer has given us strong support in introducing precision ag and they have also been willing to come out ‘on demand’ where we have any sort of problem or issue. They have also provided any training and support we have needed. Only a phone call away, their support has been excellent.” Andrew said.

ACCESSORIES

WINDSHIELD WASHER KIT

Application: All CR Combines

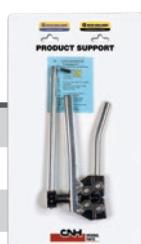

Includes: Pump, reservoir, hoses, harness and mounting brackets

Part No. 87044169

CHAIN BREAKERS

PART NO.	DESCRIPTION

TOYS RANGE

HOURS OF FUN FOR EVERY LITTLE FARMER

- Toys
- Ride-ons
- Replicas
- Collect or Play

WORKSHOP EQUIPMENT

POWER EQUIPMENT THAT MAXIMISES YOUR PRODUCTIVITY DAY IN AND DAY OUT

Made with the same craftsmanship and attention to detail as New Holland Agriculture and New Holland Construction

- Pressure washers • Quiet and fuel efficient power generators • Heaters and Compressors

TOOLS / TOOL STORAGE RANGE

QUALITY TOOLS AT THE RIGHT PRICE

- Engineered, sourced and priced to provide the very best value
- Will provide great service and pride of ownership for years to come

GLOVES

MECHANICS GLOVES

- Durable, synthetic leather palm
- Breathable, form-fitting spandex back
- Adjustable wrist closure to lock out dirt and debris
- Machine wash, air dry

Part No. MN6000

HEAVY-DUTY MECHANICS GLOVES

- Breathable, form-fitting spandex back and padded knuckles
- Abrasion-resistant, non-slip palm patches
- Terry cloth sweat wipe on thumbs
- Adjustable wrist closure to lock out dirt and debris
- Machine wash, air dry

Part No. MN6050

LEATHER PALM GLOVES

- Rugged suede cowhide
- Leather finger tips and knuckle strap
- Shirred elastic back
- Rubberized safety cuff

Part No. MN6900

BROWN JERSEY GLOVES

- Heavyweight jersey
- Knit wrist to keep out debris
- Perfect everyday light-duty gloves

Part No. MN6200

GRAIN COWHIDE GLOVES

- Classic soft-tanned leather with tailored keystone thumb
- Self-hemmed with shirred elastic back

Part No. MN6800

DISPOSABLE GLOVES

- Made from a 100% synthetic rubber to provide superior resistance to a wide range of solvents and hazardous chemicals
- Suitable for users with natural rubber latex sensitivity
- Textured fingers to provide a secure grip on dirty parts and tools

PART NO.	DESCRIPTION
HW1450BXL	100/Box, N-DEX, Large Nitrile Gloves
HW0270L	100/Box, Economy Large Nitrile Gloves

Part No.
HW1450BXL

Part No.
HW0279L

YELLOW CHORE GLOVES

- Bonded and double thickness throughout
- Knit wrist to keep out debris
- Full-cut design
- 100% comfortable cotton construction

Part No. MN6300

LINED SUEDE COWHIDE GLOVES

- Soft and durable suede leather with tailored keystone thumb
- Extra-warm lining
- Self-hemmed with shirred elastic back

Part No. MN6855

MOISTURE TESTERS

MOISTUREMATCH™ GRAIN TESTER

- Large Graphic LCD shows multiple readouts and on-line instructions. Backlit for night use.
- Averaging Capability displays the last six test results and running average of tests. Individual results can be deleted.
- MOISTUREMatch Technology – user selects from one of five options: Motomco 919, Motomco 919E, DICKEY-john GAC 2000, Labtronic (Canada), Industry Standard
- Compaction Sensor Technology displays moisture automatically when optimum grain compaction threshold is reached
- Larger Test Cell for more representative sample
- EZ-Fill Grain Scoop makes filling test cell quick and clean. Stores inside test cell between uses
- Molded Hand Grip for safe and comfortable operation
- Computer Interface for updating moisture scales and software upgrades. RS 232 serial port uses standard computer serial cable (not included).
- 33 Grain scales
- Optional Carrying Case (Part No. FM20101DS)

Part No. FM20400DS

MT-PRO™ MULTI-GRAIN, MULTI-LANGUAGE, GRAIN MOISTURE TESTER

- 39 grain scales
- Information displays in seven languages: English, French, German, Spanish, Portuguese, Italian and Swedish
- Back lighted display
- Averaging capability displays running average of tests
- Higher-frequency, capacitive circuit improves accuracy
- Multi-Point™ adjustable calibration
- Enhanced temperature compensation circuit
- Optional carrying case (Part No. 87297026)

Part No. B96649NH

MT-16 GRAIN MOISTURE TESTER (SUPERSEDES MODEL MT3)

- Direct readout for 16 grains: barley, canola, corn, flax, oats, rice (2), rye, sorghum, soybeans, sunflower (2) and wheat (4)
- Each scale can be adjusted to match local elevator
- Automatically averages up to 99 test results.
- Repeatability in normal range of stored grain within 0.5% of air-oven standard. Higher-frequency, capacitive circuit improves accuracy.
- Includes sturdy carrying case with strap
- Two-year warranty in North America, one-year overseas

Part No. B96650NH

MOISTURE-MAX & MOISTURE-MAX PLUS

Includes: Moisture-Max, loader, carrying case, belt clip, 9V battery, instruction manual and one-year manufacturer's warranty

THE WORLD'S MOST ACCURATE HANDHELD GRAIN MOISTURE ANALYZER

The New Holland Moisture-Max and Moisture-Max *plus* grain moisture analyzers are the first handhelds with "grain trade" accuracy. Two versions are available:

- Moisture-Max – for highly accurate moisture testing.
- Moisture-Max *plus* – the ONLY handheld moisture tester that measures accurate test weight.

USING U.S. FEDERAL STANDARD TECHNOLOGY

DICKEY-john's technology in the Moisture-Max and Moisture-Max *plus* is based on the GAC2100b, the U.S. federal grain standard.

UNSURPASSED BENEFITS FOR FARMING

Whether you're harvesting, storing or trading grain, nothing is more important to its value than its moisture content and test weight.

With the Moisture-Max *plus* you can measure moisture and test weight and it's **fast, easy and accurate**. Also, there's no screw cap which can damage grains, create oily residue and are cumbersome to use.

FEATURES:

- Menu-driven operating system
- An internal scale (no pre-weighing)
- USB compatibility for calibration loading
- Test weight readout (Moisture-Max *plus*)
- Used for over 450 grains and products
- Automatic temperature compensation

Part No. 87299140

PART NO.	DESCRIPTION
87299139	Moisture-Max Package
87299140	Moisture-Max <i>plus</i> Package

HARVEST PREP TIP

Hay Testing Tip

Hay baled at a moisture content above 15% loses feed value and can discolor, mold or even combust. Be sure to closely monitor moisture content and/or treat with CropSaver preservative to safely bale at moistures up to 30%. Learn more at:

AMBRA®

HYDRAULIC TRANSMISSION OIL

**RUN
HARDER
FOR
LONGER**

**Mastertran Ultraction™ has
arrived to keep your machinery
working harder for longer.**

New AMBRA® lubricants have been specifically engineered to handle your machinery's heavy workload and protect your valuable asset against wear and corrosive elements.

- Unmatched moisture tolerance
- Zinc free, anti-corrosion formulation
- Strengthened anti-wear performance
- New shear resistant polymer additive
- Controlled friction properties

NEW HOLLAND ENGINE OVERHAUL KITS,
GREAT PRICES AND COMPREHENSIVE COVERAGE.

IS IT TIME FOR AN OVERHAUL?

With a comprehensive range of part numbers available,
you'll get the right part for the job – all backed by the New Holland quality guarantee.

- High quality aluminium pistons with Ni-resist inserts, ensuring long piston and ring life
- Moly-coated compression rings for maximum wear and resistance
- Oil control rings are chrome faced for long life and excellent oil control
- Complete, high quality gasket sets include tough, leak-free Teflon crankshaft seals
