

From more product offerings to less downtime during installation, you're sure to appreciate the unique benefits of choosing Reman. If you're new to remanufactured parts from New Holland, here are some great reasons to make our parts a key element in your ongoing equipment maintenance program.

#### SIGNIFICANT SAVINGS

Remanufactured parts from New Holland cost less than new parts – offering a great value while ensuring peak performance.

#### MORE CHOICES

Every day, we look to add even more parts to our already extensive Reman roster. This expanded offering provides more options for your equipment needs.

#### HIGHER VALUE

It's a fact. When you install our parts in your equipment, you can expect increased resale value.

#### OEM PERFORMANCE

Unlike “will-fit” parts, each remanufactured part from New Holland is engineered to deliver like-new performance that meets stringent New Holland performance specs.

#### CREDIT FOR YOUR CORE

Your core has value; please see your dealer for complete details on value and criteria.

#### QUALITY

Remanufactured parts from New Holland are completely disassembled. All parts are thoroughly inspected and reassembled to the latest OEM specifications.

#### LESS DOWNTIME WITH INSTALLATION OPTIONS

Because many remanufactured parts from New Holland are ready to install, our service technicians can spend less time completing repairs or shop installs. The result? Quicker turnaround and a whole new level of equipment uptime for you.
