CONSTRUCTION

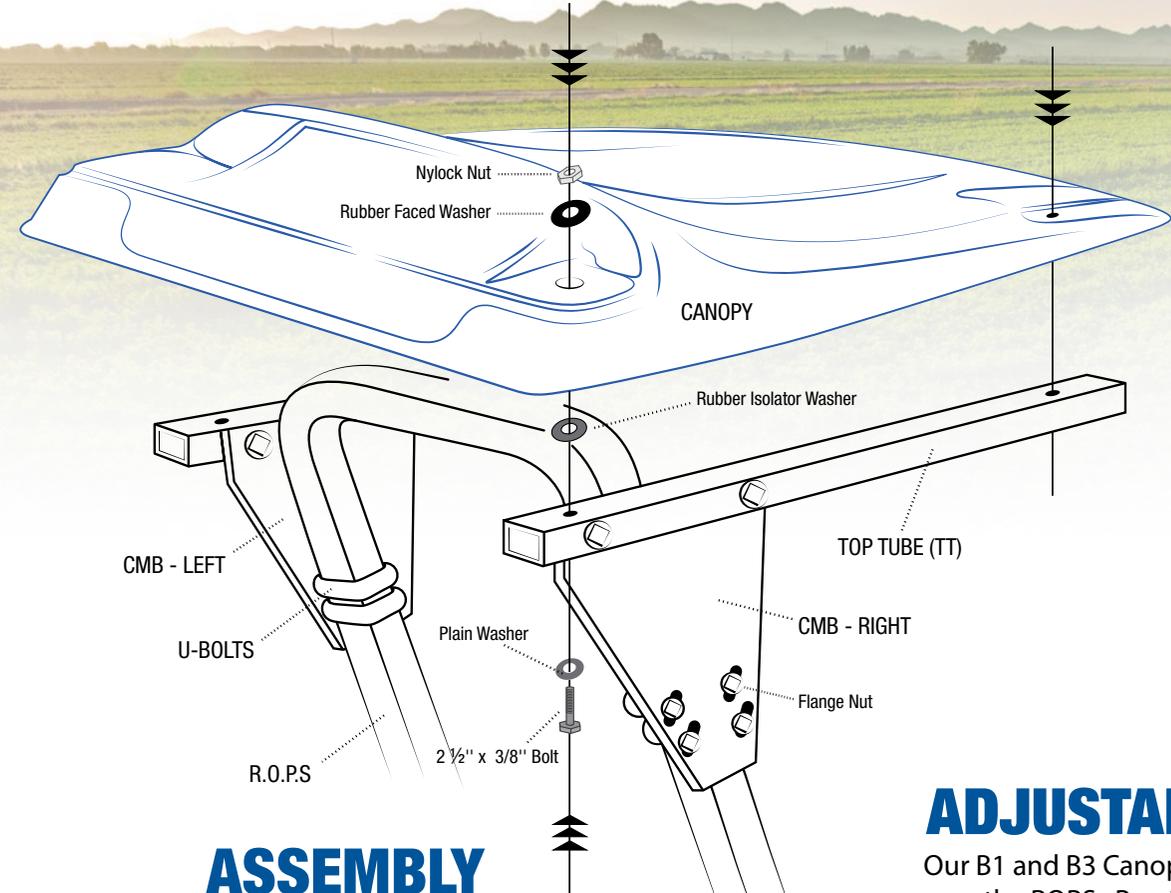

Rubber isolation with sound dampening

Quality chop and hand laid fiberglass for structural integrity

Blackened-out underside

Hi-gloss, New Holland blue color matched gel coat with UV inhibitors

Heavy gauge steel bracketry finished in hardened powdercoat

ASSEMBLY

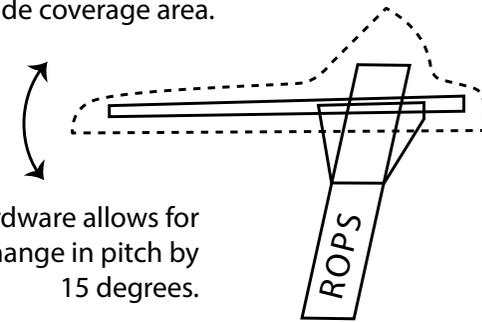

A few basic tools are all that are required for you to easily mount your New Holland canopy by yourself... in the field... in minutes!

- Rubber isolated pads float the canopy in rubber to eliminate vibration noise
- Front & rear reflectors standard
- Heavy duty, powder-coated steel mounting brackets

ADJUSTABILITY

Our B1 and B3 Canopies are designed to nest over the ROPS. Providing you with more shade coverage area.

Hardware allows for change in pitch by 15 degrees.
