T8 SERIES AND T8000 SERIES

# GENUINE NEW HOLLAND PARTS, ACCESSORIES AND SERVICE

## YOU'VE GOT THE POWER

Your New Holland T8 Series Tractor is tough, reliable and engineered to perform. So when it comes time to purchase attachments, accessories, parts and service, turn to your New Holland dealer for genuine OEM parts and certified service support.

## THE CHOICE IS CLEAR

Some aftermarket companies cut corners on materials, quality and strength that can cost you in the long run. The fact is, New Holland engineered and assembled your equipment. We know what each and every part's tolerance, function and service requirement is. And, we've built each part to exceed those specifications.

So don't settle for second best. Rely on New Holland parts for the best in quality, reliability, durability and performance. We offer a complete line of Genuine New Holland Parts, accessories and attachments to handle any job that comes your way.

- 24 CNH REMAN**  
Engines and Components, Rotating Electrical, Drivetrain and Hydraulics.

- 26 NEW HOLLAND BRANDED MERCHANDISE**  
Tools, Replicas, and Power Equipment.

## DEALER SUPPORT

## NEW HOLLAND PROTECTION PLANS

When the unexpected occurs, you need to know that your equipment is protected. The New Holland Protection Plan is a purchased service contract designed to help keep your equipment working properly beyond the Manufacturer's Base Warranty Period. Select the plan option that best meets your needs.

### EQUIPMENT PLAN OPTIONS

- Powertrain
- Powertrain Plus Hydraulics
- Premier

New equipment plans are available for protection periods of up to 60 total months or 7,500 total machine hours, whichever occurs first. The protection period you select includes the Manufacturer's Base Warranty Period.

Most equipment that is within the Manufacturer's Base Warranty Period, or up to 120 days beyond the expiration of the Manufacturer's Base Warranty Period, may be eligible for a new equipment plan.

### ADVANTAGES OF THE NEW HOLLAND PROTECTION PLAN

#### PEACE OF MIND

Provides protection beyond the Manufacturer's Base Warranty Period.

#### FLEXIBLE OPTIONS

Plans can be customized to meet individual needs.

#### FINANCING AVAILABLE

Plans may be financed on CNH Capital America LLC. retail installment contracts, lease agreements or commercial revolving accounts.

#### DEPENDABLE SERVICE

Eligible repairs completed by authorized service technicians using Genuine New Holland Parts.

#### TRANSFERABLE PROTECTION

New Equipment Plans may be transferred to a new owner at no charge.

### PRODUCTS DESIGNED TO MEET YOUR NEEDS

We understand the equipment business. That's why we offer these additional products to help keep your operation running smoothly:

#### PHYSICAL DAMAGE INSURANCE

Provides coverage to repair or replace insured equipment in the event of direct physical loss or damage.

#### LOSS DAMAGE WAIVER

Helps protect rented equipment against most causes of direct physical loss or damage.

#### CREDIT LIFE INSURANCE

Provides life insurance coverage to help pay off the balance due on equipment financed with CNH Capital in the event of the insured's death.

## DEALER SUPPORT

### NEW HOLLAND FACTORY-TRAINED TECHNICIANS KEEP YOU WORKING

Our New Holland dealer technicians are factory-trained in the latest service and diagnostic techniques specifically for your New Holland T8 Series Tractor. Because of this skill, they can provide an important added dimension to maintenance—the ability to spot signs of trouble early and then fix them before they can become costly problems.

### PLANNED MAINTENANCE AGREEMENTS

A Planned Maintenance (PM) Agreement is an arrangement between you and your dealer for future services at a predetermined price. PM Agreements can be tailored to meet your specific needs.

Not only does a PM Agreement help you budget maintenance costs, you no longer have to think about the stress of on-time, proper machine maintenance. Instead, hand it over to your dealership's technicians, who have the proper New Holland training, tools, and experience to keep equipment performing at its best. Focus on what you do best, managing your core business.

Our planned maintenance and inspection services offer you these advantages:

- Budgeted maintenance costs
- Identification of problems and repair before failure
- Increased productivity
- Less costly downtime
- Documented maintenance
- Increased resale value
- Lowered owning and operating costs
- Service by New Holland trained technicians
- Improved fuel economy
- Use of Genuine New Holland lubricants, filters and parts

### CERTIFIED MAINTENANCE INSPECTION PROGRAMS

When you schedule your equipment for annual maintenance inspection services, your dealership keeps account of each inspection and service, distinguishing your commitment to keeping your New Holland T8 Series Tractor in top running condition. Not only does this keep you productive in the field, but it can also increase the resale value of your New Holland T8 Series Tractor.

### GET THE NEW HOLLAND SERVICE SOLUTION

See your dealer for more information on the New Holland Certified Maintenance Inspections and Planned Maintenance Programs. Trust your New Holland dealer to keep your New Holland T8 Series tractor operating in top condition.

# MAINTENANCE

**1 NEW HOLLAND AIR FILTERS**  
 Better filters, longer life. New Holland filters offer extended change intervals to save you time and money. New Holland filters offer increased dirt-holding capacity and the ability to remove even smaller particles compared to the filter it replaces.

**3 NEW HOLLAND OIL FILTERS**  
 New Holland cartridge filters help keep your oil and powertrain running cleaner. This new design removes an even higher level of the finest contaminant particles that can cause the most potential for engine wear. Less restriction during cold weather conditions compared to typical standard media allows engine oil to reach critical components much quicker than with standard engine oil filters.

**4 TIRE SEALANT**  
 CNH Tire Sealants offer a simple, direct, cost-effective way to help save money, avoid downtime, and increase profits. Whether installing new equipment or during pre-season or post-season service maintenance programs, CNH Tire Sealants will seal hundreds of punctures up to 3/16" as they occur, and work to maintain constant recommended air pressure for the life of the tire.

See your local New Holland dealer for more information on maintenance products.

Service Maintenance Contracts for all models are available from your New Holland dealer.

## MAINTENANCE

### 5 UNITEK ENGINE OIL

UNITEK is a semi-synthetic engine oil designed to provide outstanding protection and performance. The semi-synthetic formulation provides exceptional protection against oxidation (thickening). This feature equips UNITEK with a very wide operating temperature window and exceptional cold weather pumpability.

### 6 XHD HEAVY-DUTY COOLANT/ANTIFREEZE

Worn rings, scuffed pistons, cracked heads and corroded bearings may appear to have nothing in common with the cooling system, when in fact, these problems are often the symptoms of improper cooling system maintenance. Using a heavy-duty coolant like XHD can help you avoid premature engine failure.

XHD is a diesel formulated coolant loaded with special additives that prevent corrosion and provide superior cylinder liner protection. The XHD formulation also extends water pump life with better protection of the seals. New Holland has also taken extra care to formulate XHD with Bltrex® to prevent accidental animal ingestion.

### 7 MASTERTRAN MAT -3505

A unique, all-weather hydraulic/transmission fluid, Mastertran is, quite simply, the finest hydraulic/transmission fluid we make. It will enhance your brake and clutch capabilities while helping to reduce brake chatter, clutch slippage and wear, and final drive wear. Mastertran fluid is designed for use in an ambient temperature range of -20° to +120°F (-30° to +50°C).

### 8 GR-9 GREASE

GR-9 is a general-purpose NLGI 2, lithium-soap, extreme pressure grease. It's designed for use in antifriction and plain bearings (including nondisc brake wheel bearings), universal joints, spline shafts, water pumps and general chassis lubrication.

Service Maintenance Contracts for all models are available from your New Holland dealer.

### 9 SYSTEMGARD LUBRICANT AND FLUID ANALYSIS

Systemgard Fluid Analysis is a snapshot of what is happening inside your equipment. It tells you the condition of the lubricant and identifies component wear and contamination in engine, transmission and hydraulic systems. Systemgard can help identify small concerns before they become bigger, downtime causing problems.

### 10 FLUSH FACE QUICK COUPLINGS

Eliminate hydraulic coupler fluid leakage by updating your equipment with new flush face couplings that resist the effects of surface nicks and scratches.

- Simple one-hand hookup
- Heavy-duty, induction-hardened surface for long life
- 3000 PSI rating
- Heavy-duty sleeve lock

## MAINTENANCE

11

### 11 NEW HOLLAND PAINT

Protect your investment and add value by preventing problems before they develop with New Holland paint. The durable finish stands up to extreme weather conditions and exposure to the elements. New Holland paint meets your demanding requirements and offers a bucket load of advantages.

### 12 FUEL CONDITIONERS

CNH Original Parts Diesel Fuel Conditioner and Anti-gel are specially blended additives that are designed to extend the longevity of your engine's fuel system and prevent fuel problems related to cold temperatures, bacterial growth, fuel oxidation and system corrosion.

12

13

14

15

### DIESEL EXHAUST FLUID (DEF)

The DEF available through your New Holland dealer is a stable and colorless solution. It meets ISO Standards for purity and composition and is an American Petroleum Institute (API) certified diesel exhaust fluid. These are the highest quality and safety standards in place to ensure optimum SCR system performance. Your New Holland dealer also offers a complete line of DEF transfer pumps and meters, including on-farm bulk storage equipment options.

### 13 DEF Transfer Pump

### 14 2.5 Gallon Box

### 15 275-Gallon Tote

Service Maintenance Contracts for all models are available from your New Holland dealer.

## ACCESSORIES

1

1

### 5TH CAB LOWER FLEXIBLE STEP

Extra step improves access and is specially designed for tractors with wide tires.

2

### FIRE EXTINGUISHER KIT

Kit includes extinguisher, sticker and mounting bracket and hardware. Available with 10 or 20 lb. capacity extinguisher.

2

3

### CARBON CAB AIR FILTER

Remove dust and other airborne contaminants with this carbon based filter.

4

### ENGINE BLOCK HEATER

Make those cold winter starts easier and reduce engine wear with this heavy-duty Engine Block Heater.

3

4

Service Maintenance Contracts for all models are available from your New Holland dealer.

See your local New Holland dealer for more information on accessories.

## CAB ACCESSORIES

1

2

3

### JENSEN HEAVY-DUTY RADIOS

Heavy-duty means "Built to Last" in the toughest environments. Tested for extreme temperatures, humidity and vibration.

- 2 wire hook-up prevents battery drain
- Low battery alarm & shut-off
- Three in-dash models available

#### MODELS :

1

Jensen ZAEJHD910HD Radio

- Heavy-duty mini weatherproof AM/FM
- Weather band/alert & aux-in

2

Jensen ZAEJHD910HD with Bluetooth (ZAEJHD910BTKHD)

3

Jensen ZAEJHD3620HD Drive Unit

- Adds CD with electronic skip protection and front USB input

#### Other Radios and Accessories Include:

Headphones, 2-way speaker sets, antennas, satellite radios and tuners, iPod cables and wireless remotes.

4

### OBSERVATION SYSTEMS

The Voyager Observation products offer everything you could want in a durable, well built Observation System. Stop straining your neck and back. See where you could never see before and work in comfort, not pain!

- 1 and 2-camera systems, 3<sup>rd</sup> cameras available
- Cameras are wide angle, zero-lux & waterproof
- 1 year warranty on medium-duty
- 2 year warranty on heavy-duty products

5

### SEATS

New Holland offers a full line of heavy duty seats designed and tested to withstand the toughest conditions. From air ride to mechanical suspension these seats have operator comfort and features built in for those long hours on the job.

See your local New Holland dealer for more information on accessories.

## LIGHTING & ELECTRICAL

### 1 HID LIGHT KIT

Includes: HID lamp assembly (2), wire harness (2), ballast (2), hardware and installation instructions

### 2 WARNING LIGHTS

- Lightbars, beacons and minibars
- Halogen and LED lights
- Many options available in regards to light source, size, shape, electrical connection, kits and price point

### 3 WORKLAMPS

- Halogen, HID and LED
- Flood, spot and trap configurations available
- Rugged solid state lights can withstand off-road shock and vibration

### 4 JUMP STARTERS

Don't get stuck on the job without juice. Use a Quick Cable Booster. These jump packs will save the day.

### 5 NEW HOLLAND PREMIUM HEAVY-DUTY BATTERIES

Vibration is the biggest killer of off-road batteries. New Holland Premium Heavy-Duty batteries are built to take the pounding that is created when your machine bounces across a field or jobsite. New Holland batteries contain larger and heavier lead connections than typical off-the-shelf batteries and utilize a unique epoxy bonding design to secure the internal grids to prevent shorts caused by excessive vibration and shocks.

### 6 BATTERY CHARGERS

Keep your battery in peak condition in your off time.

- 10/30 amps
- 200 amp start
- Fast charge and trickle charge

All electrical equipment should be installed by an Authorized New Holland dealer.

## PRECISION LAND MANAGEMENT

### 1 EZ-GUIDE® 250 LIGHTBAR

The EZ-Guide 250 lightbar guidance system has an intuitive user interface that works right out of the box. Easy to install with its own built-in GPS receiver, the EZ-Guide® 250 system can be a logical first step into the world of guidance systems and can be retrofitted to any brand of equipment.

- Rugged construction for everyday field use
- Compact 4.3" color screen
- Intuitive user-interface
- 15 built-in LED lights
- One built-in GPS receiver
- Quick installation and fast learning curve

### 2 FM 750 TOUCHSCREEN DISPLAY

The FM 750 touchscreen display delivers affordable guidance, steering and precision agriculture functionality. Use the FM-750 display to maximize your efficiency when planting, spraying, spreading and strip tilling by adding the Field-IQ crop input control system and upgrading to GLONASS satellite correction.

- Rugged construction for everyday field use
- Mid-sized 8.0" color touchscreen
- Intuitive user-interface
- 27 built-in LED lights
- One built-in dual-frequency GPS receiver
- GLONASS ready

### 3 FM 1000 TOUCHSCREEN DISPLAY

The FM-1000 touchscreen display is designed to deliver the best performance and reliability with dual-integrated GPS+GLONASS receivers. Capable of delivering everything you need in guidance, steering and precision farming features, the FM-1000 gives you a choice of accuracy between 7.9 in (20 cm) and 1 in (2.5 cm) pass to pass and year to year.

- Rugged construction for everyday field use
- Large 12.1" color touchscreen
- Intuitive user-interface
- On-screen guidance LEDs
- Two built-in GPS receivers
- GLONASS ready

See your local New Holland dealer for more information on precision farming equipment.

### 4 INTELLIVIEW IV

The IntelliView™ IV display can be used throughout a farming operation and is fitted as standard equipment on your New Holland T7000. The IntelliView™ IV will communicate with the IntelliSteer system as well as the vehicle's CAN Bus, and display machine function information in real time on just one screen. Maximum operator comfort is provided on a 17.8 cm touch screen display. See where you are and choose information you want to view, monitor and control.

### 5 NH 372 RECEIVER

The NH 372 GNSS receiver is an all-in-one dual-frequency GPS/GLONASS antenna and receiver system that is "future proofed," capable for signals not yet available! The NH 372 GNSS receiver ensures a highly accurate, reliable signal that is always available so you can keep moving. Signal loss won't shut you down or force you to move forward without mapping and guidance.

## OEM PARTS

**WATER PUMPS**

**CONNECTING RODS**

**ALTERNATORS**

### FACTORY SPECIFICATIONS BUILT TO LAST

Maintain the performance and power of your New Holland T8 Series Tractor with Genuine New Holland Parts. Genuine New Holland Parts are the only parts designed and engineered exclusively for your T8 Series Tractor. Genuine New Holland Parts and accessories are created, tested and designed to fit, perform and wear specifically for your T8 Series Tractor.

In fact, Genuine New Holland Parts are the same parts used in the original production of all New Holland T8 Series Tractors. Genuine New Holland Parts advantages include the highest-level materials, exact fit, correct colors and finish. Genuine New Holland Parts warranties cover the part and the cost of labor when installed by an Authorized New Holland dealer. With Genuine New Holland Parts, you always get parts and service you can depend on.

**OIL PUMPS**

**INJECTION PUMPS**

See your local New Holland dealer for more information on New Holland Genuine Parts for your T8 Series Tractor.

Genuine New Holland Parts Warranty includes labor if the part was installed by an Authorized New Holland dealer.

**CNH REMAN**

**STARTERS AND ALTERNATORS**

Today, there are more reasons than ever to choose New Holland remanufactured parts for your equipment. From more product offerings to less downtime during installation, you're sure to appreciate the unique benefits of choosing reman. If you're new to New Holland remanufactured parts, here are some great reasons to make our parts a key element in your ongoing equipment maintenance program.

#### **SIGNIFICANT SAVINGS**

New Holland remanufactured parts cost less than new parts – offering a great value while ensuring peak performance.

#### **MORE CHOICES**

Every day, we look to add even more parts to our already extensive reman roster. This expanded offering gives you more options for your equipment needs.

**TURBOS**

**ENGINE BLOCKS**

#### **HIGHER VALUE**

It's a fact. When you install our parts in your equipment, you can expect increased resale value.

#### **OEM PERFORMANCE**

Unlike "will-fit" parts, each New Holland remanufactured part is engineered to deliver like-new performance that meets stringent New Holland performance specs.

#### **PROMPT CREDIT FOR YOUR CORE**

Your existing core has value. Your local dealer is equipped to provide a prompt, thorough analysis of your core (core values vary with condition).

#### **QUALITY**

New Holland remanufactured parts are completely disassembled. All parts are thoroughly inspected and reassembled to the latest OEM specifications.

#### **LESS DOWNTIME WITH INSTALLATION OPTIONS**

Because many New Holland remanufactured parts are ready to install, our technicians can spend less time completing repairs or shop installs. The result? Quicker turnaround and a whole new level of equipment uptime for you.

#### **SUPERIOR WARRANTY PROTECTION**

Unlike no-name competitors or rebuilds, our parts are fully warranted – just like those bought new. New Holland remanufactured parts provide same as new, and sometimes better than new, warranty coverage.

**CNH REMAN warranty includes labor if the part was installed by an Authorized New Holland dealer.**

**See your local New Holland dealer for more information on CNH REMAN parts.**

## NEW HOLLAND BRANDED MERCHANDISE

### MODELS AND REPLICAS

New Holland replicas, scale models and collectibles are perfect for kids and collectors. From keepsake heritage collectibles to the always popular scale models of current machines. Stop by your local dealership to see New Holland's full assortment today.

See your local New Holland dealer for more New Holland branded replicas, tools and equipment.

### TOOLS

Show off your New Holland pride with New Holland branded hand tools. New Holland tools have been engineered, sourced, and priced to provide the best value for all levels of tool users and carry a lifetime replacement warranty\*. These quality tools will provide great service and pride of ownership for years to come.

\*Excludes air tools and torque wrenches

### POWER EQUIPMENT

Want to add more power to your power equipment? Our line of New Holland power equipment is just what you need to get the job done right. New Holland offers a full line-up of pressure washers, water pumps, generators, and air compressors. When it comes to standing up to mother nature, no one has you covered better than New Holland. Purchase your New Holland power equipment today and be ready for whatever mother nature dishes out.
